

Headteacher's Update: 22nd April 2020

Hello everyone and families,

Welcome back to school!

I do hope that you are all well and keeping safe at home.

It is all very strange - being back to school but not actually seeing any of you. I miss seeing your happy, smiling faces. I hope that you are still able to learn alongside your families. I know that the teachers are working hard to make sure that you are still able to continue your learning. However, I do understand that it must be very different and difficult for you all. It is hard for me too.

Don't worry about it. We are all feeling the same and look forward to the time when, once again, we are all back at school and enjoying being with our West Tytherley friends.

This time will pass and very soon we will be able to open our doors once again. I can't wait.

We are still here at school - trying to help those children whose Mums and Dads are working hard in the NHS as doctors and nurses to help many people around you stay well and get over this virus. We all need to be patient and help our families and our community.

If you need anything to help you in your learning at home, please let us know and we will try our best to help you. You might need some counters or dienes or place value discs - you could have some to use at home (if it would help).

I hope that we might be back before the end of the year so that we can meet our friends again before the long Summer holidays.

So stay strong, continue working hard on learning different things, relax and enjoy time with your families.

Do not worry, we will take care of everything when you return.

My wish for you is that you will all return having kept safe from harm.

I really look forward to seeing you soon.

Take care

from Mr Warren
